Germany | Austria | Switzerland

Management Summary

- We are a market research firm for **quantitative and qualitative market research** located in Hamburg, Germany.
- We are supporting companies in all steps of their market research project **in Germany, Austria and Switzerland**: from design, data collection to data analysis.
- As a **fieldwork service provider** we are offering first class data collection in Germany, Austria and Switzerland with our own field of **trained mystery shoppers and interviewers** and our own **online access panel** and **mobile phone survey app** with 6 million verified panelists.
- For **quantitative research** we are offering all common methods of data collection: CATI, CAPI, CAWI, paper and pencil.
- For **qualitative research** we have a modern facility with skilled moderators in Hamburg and partner research firms in all relevant cities. We can recruit your target group and also conduct the research.
- We are working objectively, customer-focused, goal-oriented and effectively. Our work is based on reliability, trust, professionalism and a high quality of assessment. **Discretion and maintaining confidentiality** is very important to us: Therefore, all information we receive from our clients remains confidential.

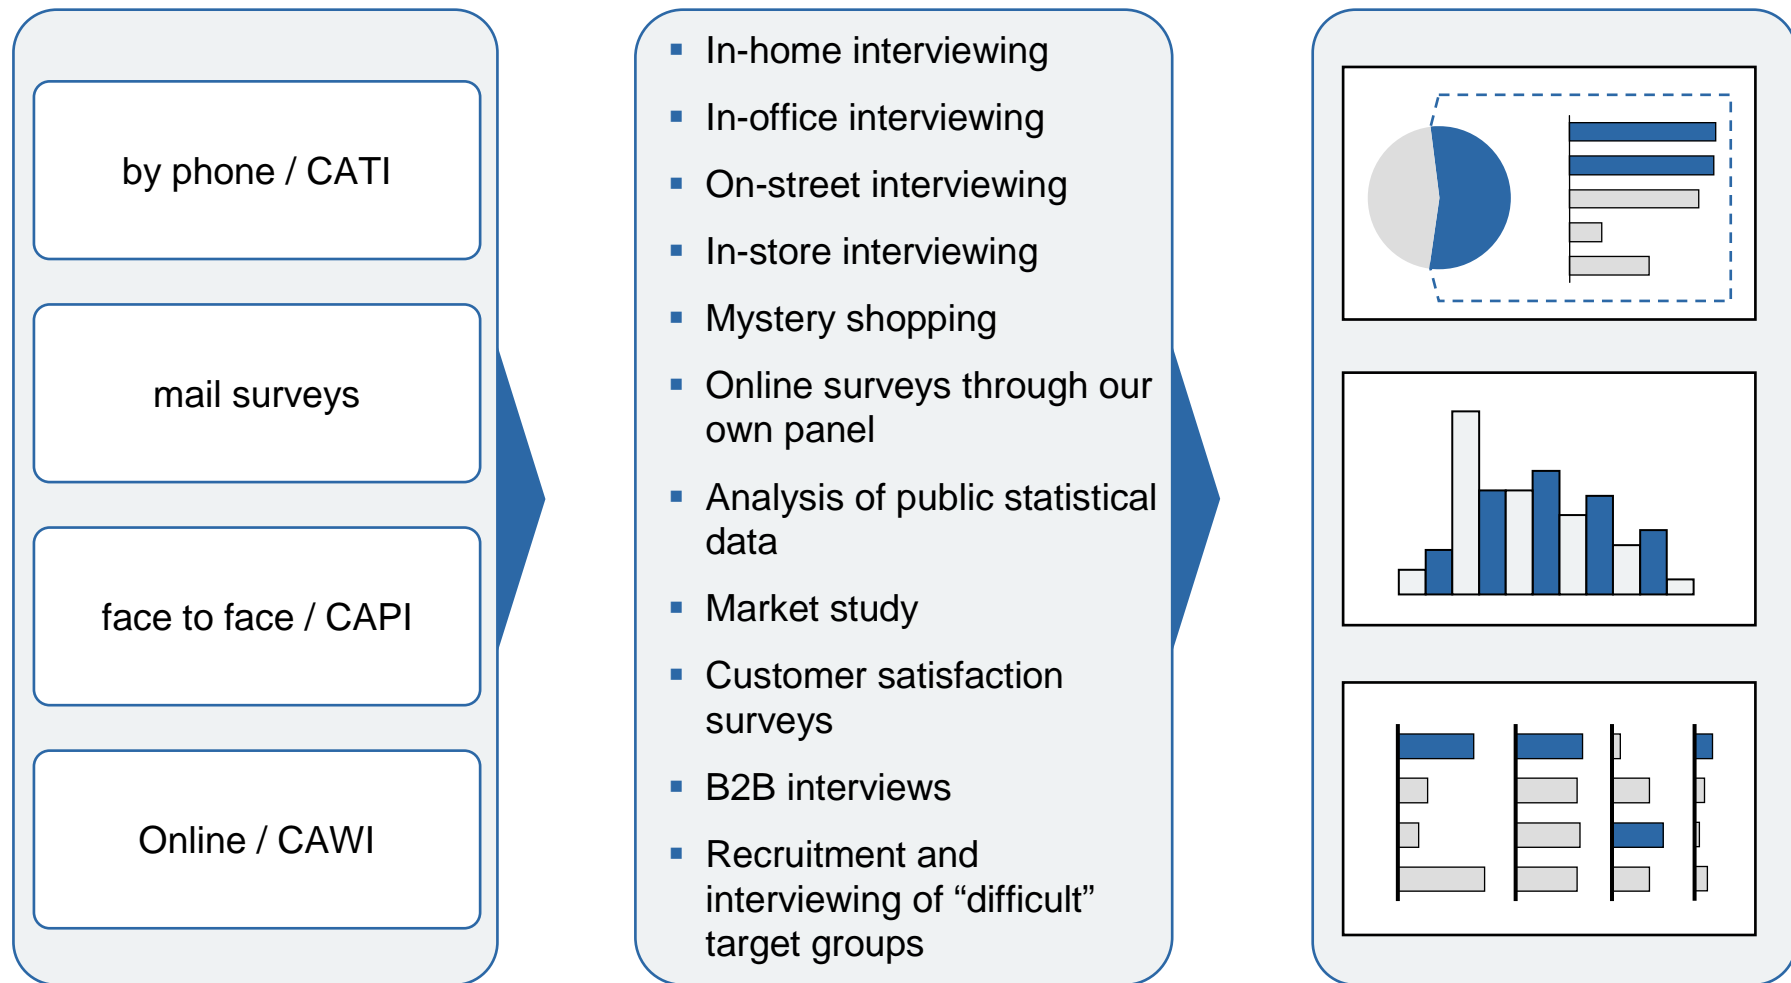

We can support you with various market research services in Germany, Austria and Switzerland.

OUR MARKET RESEARCH SERVICES

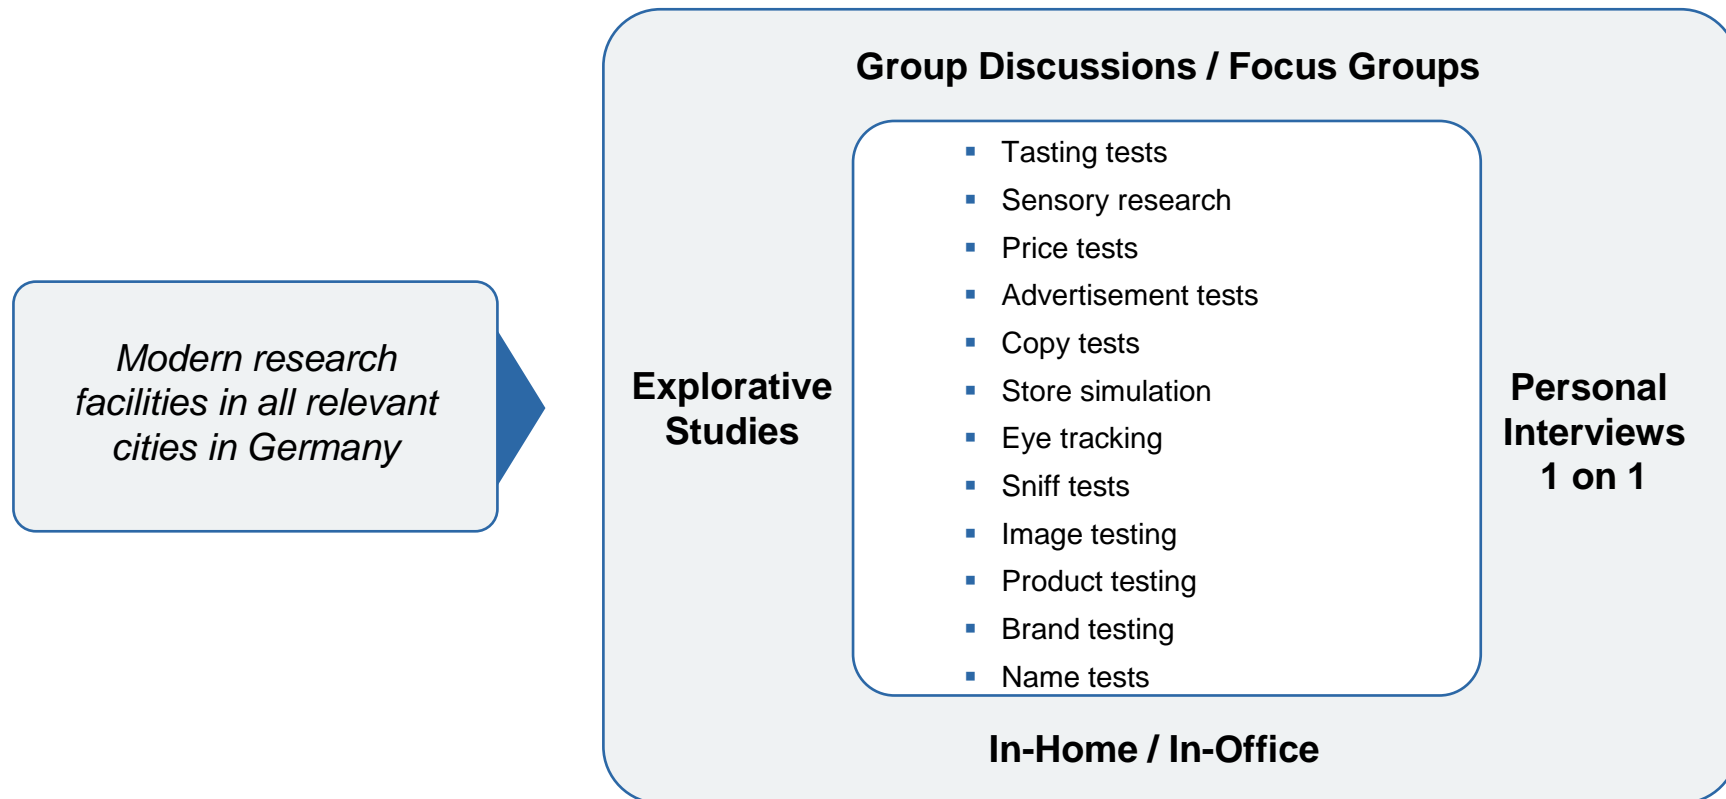

We collect quantitative data using all common methodologies.

QUANTITATIVE RESEARCH GERMANY, AUSTRIA, SWITZERLAND

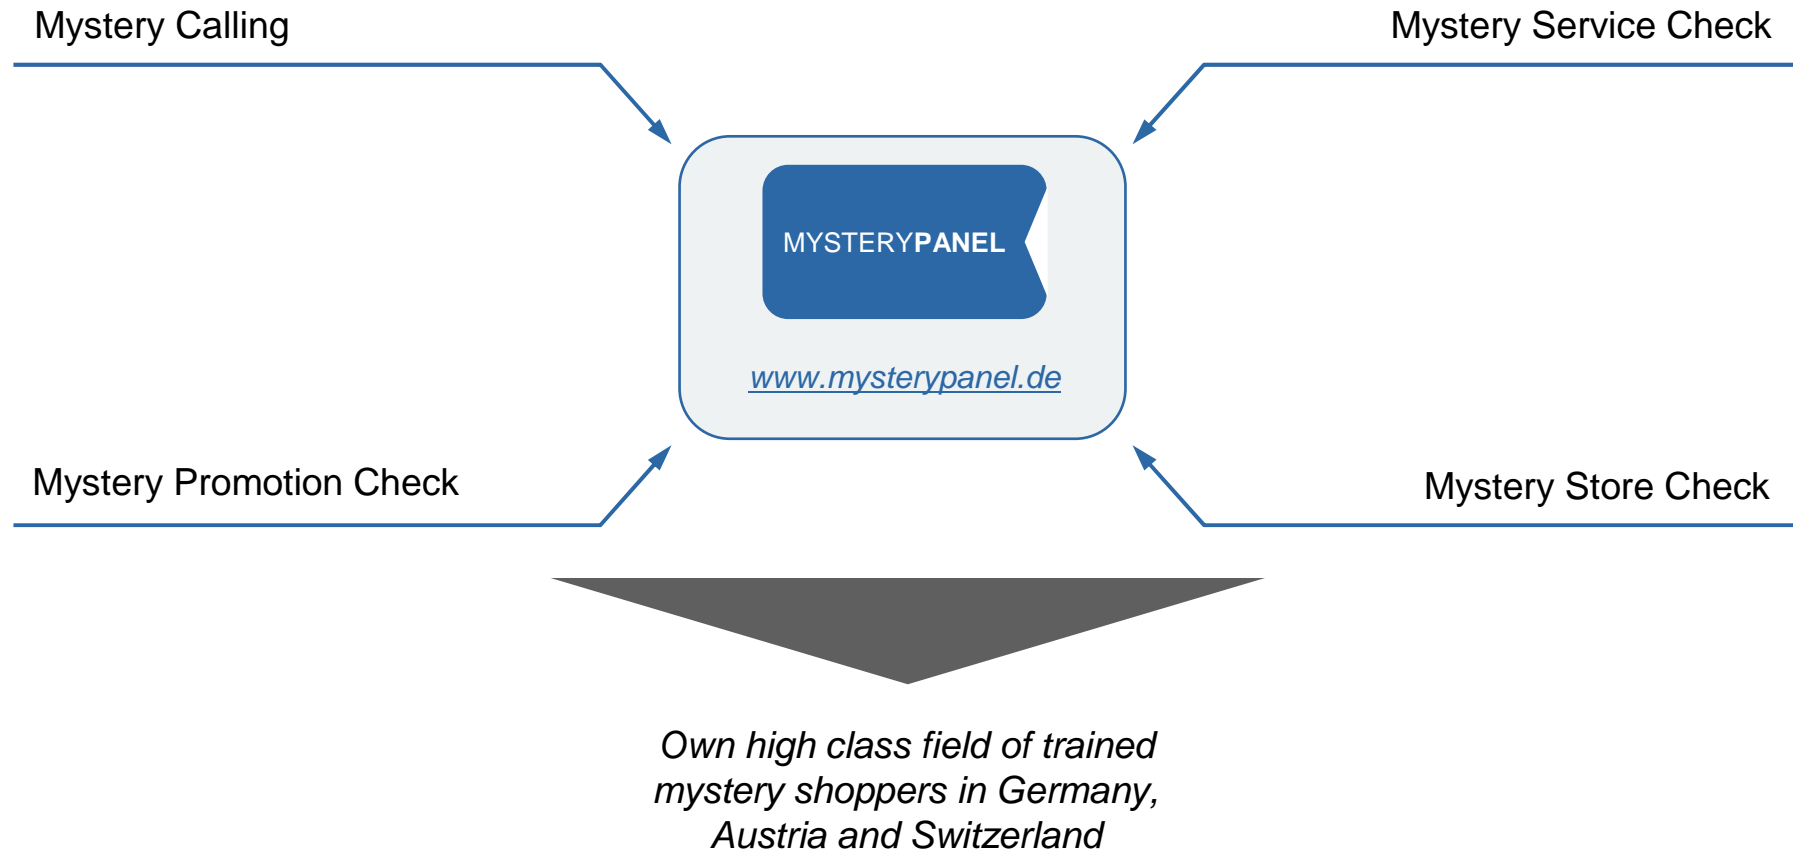

We can recruit your target group and conduct your qualitative research.

QUALITATIVE RESEARCH AND FIELDWORK SERVICES

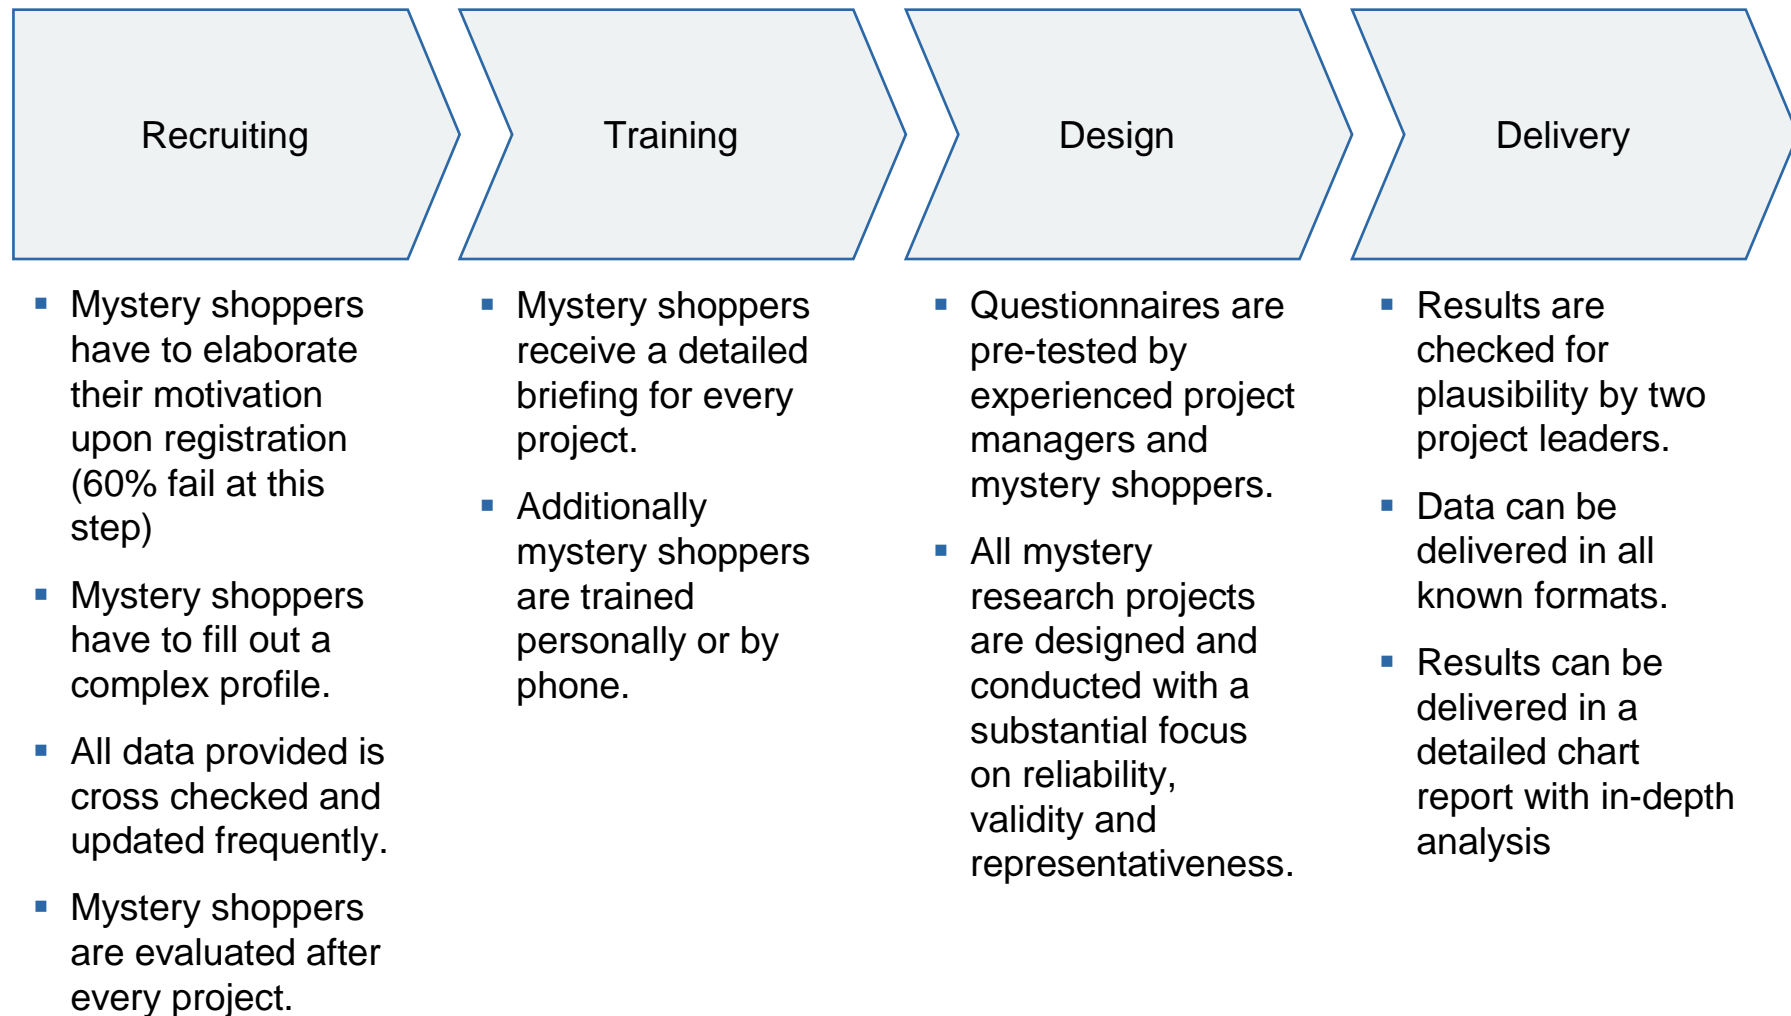

We are offering all types of mystery research with our own field of mystery shoppers in Germany, Austria and Switzerland.

MYSTERY SHOPPING SERVICES

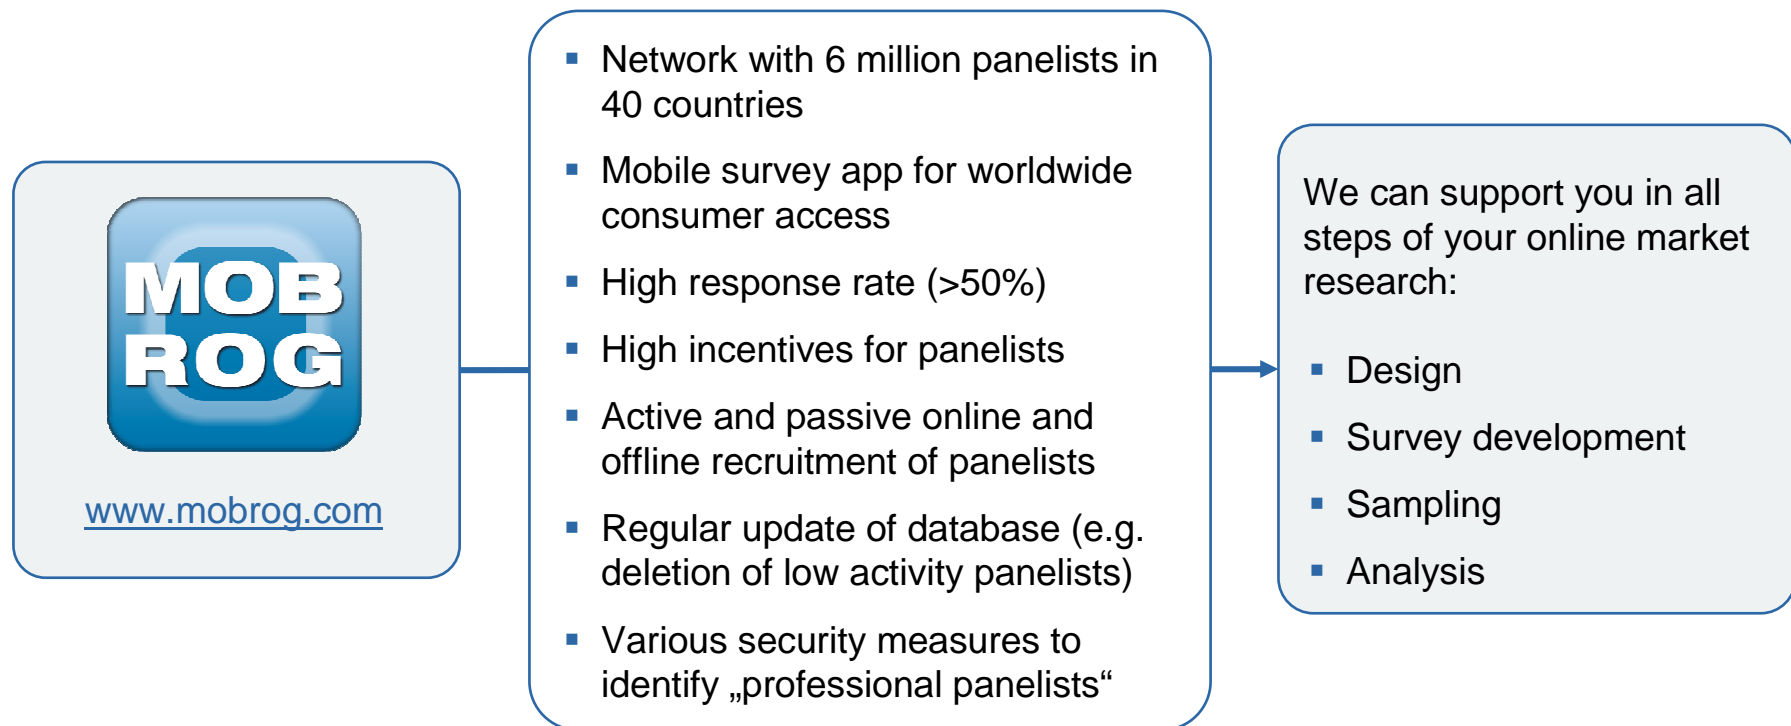

High quality is important to us throughout the whole process of a mystery shopping project.

QUALITY MANAGEMENT MYSTERY SHOPPING

With our online panel and mobile phone survey app we have access to 6 million panelists worldwide.

ONLINE AND MOBILE MARKET RESEARCH

We can deliver data in a detailed and meaningful chart report.

OUR REPORTING

- Besides common data formats like SPSS or Excel, we are offering a detailed chart reporting for quantitative research projects:
- You will receive meaningful charts instead of pure data that is hard to be interpreted.
- We are able to deliver a chart report in your individual corporate design.
- You can easily integrate the charts into your management presentations.
- Necessary measurements and actions can be derived easily.
- You can work with the results without problems.
